Wholesale Order Program

Thank you for your interest in offering RK T-Shirts to your customers. Our wholesale program is set up to help you maximize your assortment at a great price to boost your sales and profits.

Almost all of our shirts are available for wholesale. Once your order is received we will review it and get back to you on any issues regarding product availability.

Ordering is easy, and we offer the following terms to help you get just what you need.

- wholesale orders can be placed for as little as 100 shirts
- you can choose any assortment of colors, styles, and sizes. No need to buy in "lots."
- we accept Visa, Mastercard, American Express, and Discover.
- once you place a wholesale order, you can order replenishment shirts, as little as 25 shirts at a time, for the same low price as your initial order.

Here's how it works: fill out sections 1, 2 and 3 on our order form.

1. **NAME OF THE DESIGN YOU WANT:** Please type or write neatly and include the entire design description. Many designs are similar, please be specific.
2. **THE SHIRT TYPE:** Men's regular t-shirt, men's ringer t-shirt, women's casual t-shirt, women's baby doll t-shirts, women's tank tops, etc.
3. **QUANTITY OF EACH SIZE YOU WANT:** For sizes over 2xl please call for details. We carry sizes up to 10XL in select colors.
4. **SAVE YOUR ORDER:** With a file name that will identify your company and the order date. For example if your store is called Funny t-shirts and you place the order on March 3rd, name the file funnytshirts0303.

Once your order is reviewed, we will send it back to you for approval and payment. Please note that payment is due for each order prior to shipping. We currently do not offer terms.

Wholesale shirts are \$6.00 each for orders over 100 pieces. Plus shipping and handling charges. These prices are for all colors of regular men's t-shirts. Many additional styles and sizes are available for a low additional charge.
